TIMELINE – DESIGNING A NEW PLATFORM

Over the past two years, I have worked on significant products to grow BitTitan's growing and successful cloud automation services. To view the latest MSPComplete enterprise platform design, signup at bittitan.com.

ROUGH WIREFRAME- MSPC V1 10/2015

Managed Services was a new concept for the company. A lot of research went into understanding the new business direction. BitTitan's flagship product MigrationWiz (MW) had six-plus years of technology behind it, including multiple types of Migration services, Shopping Cart, Licensing, Support, Sign Up and Account. It would be too risky for the company to build on top of the current MW platform to avoid any service disruptions. So the decision was made to create a new platform. The wireframe below
